

# As you may have heard, Cal Poly has been considering developing a <sup>ON CAMPUS</sup> Conference Center/Hotel and an Events Center. Do you have any comments on them?

Great idea!

WHERE CAMPUS HOUSING SOUTH IS PLANNED

What a waste of \$. How much will it be used? There are lots rooms @ hotels & event center space already

Absurd! There are too many, unlimited chances for failure. Use local, regional hotels, event centers

Don't do it. Use the <sup>money</sup> Land for more student housing on-campus

Bring back Poly Days! (Poly Royal!)

NOT A GOOD USE OF FUNDS. THERE ARE HOTELS AND EVENTS CENTERS IN SLO ALREADY. POLY SHOULD NOT COMPETE WITH THESE PRIVATE ENTERPRISES. \$ BETTER SPENT ON ON-CAMPUS HOUSING AND STUDENT ENTERTAINMENT CENTERS (I.P. & ZI NITELURE, EXPANDED UNION)

How much \$ is already spent to subsidize the PAC?

Are you offering a degree program in house-keeping? You know - making beds, cleaning bathrooms?

Build it off campus in partnership with the City + Cuesta

How about a visitors/store center (w. parking) on ground: slack - free parking, easy access to information about Cal Poly -

Concentrate on what you do well. w/ high paying majors. <sup>Let majors intern @ the myriad of local hotels, wineries, etc.</sup> leave low paying hotel services to other campuses.

Cuesta should have the hospitality program

# As you may have heard, Cal Poly has been considering developing a <sup>ON CAMPUS</sup> Conference Center/Hotel and an Events Center. Do you have any comments on them?

Multi purpose of benefit to the community, the local industry, the students and cultural

Ridiculous idea! Cal Poly should focus on academic programs and excellence, not showmanship and entertainment

How MANY Cal Poly students (currently) doing field work (academic) at local hotels & businesses <sup>Internships</sup>

I agree with a Conference Center that can house visiting students (football players, etc) & visiting faculty & administrators (here for interviews, etc) BUT NOT A HOTEL!! I think this conference/welcome center could go on corner of Grand & Slack where Cal Poly Housing Project South is now planned for

The local hotels, at about 60% occupancy, do not need the competition - let them provide internships.

With 38% owner occupied <sup>(SLO)</sup> housing the homes rented to students is a Great Issue for those who want to live and work and own a home in SLO City

The location is good for conferences, temporary housing for visiting faculty & students, but we don't need another hotel -

**MUST BE LINKED TO ACADEMIC PROGRAMS.**

where would this be located? How tall?
