

What concerns do you have related to Cal Poly's Master Plan update?

What will it do to traffic?
 Should | Will students be required to live on campus? | Should
 " " " " " " " "

INCREASED USE OF COMMUNITY RESOURCES (i.e. WATER) IF WE ↑ ENROLLMENT / BUILD MORE BLDGS.

Is There a student # CAP? 25,000 etc? 30,000
 should there be | should

I AM CONCERNED ABOUT THE IMPACT ON ADJACENT FAMILY NEIGHBORHOODS.

Does SHD REALLY NEED MORE STUDENTS?

Impact on neighborhoods should be considered - their noise impacts, views, parking, etc.
 THAT NEIGHBORHOOD CONCERNS WILL BE IGNORED IF THEY GO AGAINST POLY'S GROWTH PLAN. THAT A PLAN AGREED UPON BY ALL PARTIES (CITY, RESIDENTS, STUDENTS, POLY ADMIN) CAN BE LATER CHANGED AT A WHIM (TRUSTEE APPROVAL OF DORN SOUTH IN LAST YEAR OF CURRENT PLAN)

Consideration to Mass Transit requirements

More assistance to neighborhoods to control off-campus student behavior. When night-time campus events let out (10 PM) i.e. concerts, games, large numbers of students are allowed to roam near-by neighborhoods

MORE ON-CAMPUS PARKING FOR STUDENTS/FACULTY/STAFF AT CAMPUS CORE LOCATIONS

Maybe provide more on-campus entertainment, particularly for < 21 students (non-alcohol night-club, dance, entertainment) that goes LATE (i.e. until 2:00 AM) to keep underage students from off-campus parties

What are the plans for creating a sustainable and environmentally conscious waste water treatment system?
 Particularly as water usage and waste production increased with increased student population.
